

NOTICE OF FINAL PUBLIC HEARING
CLEARWATER RIVER WATERSHED DISTRICT BOARD OF MANAGERS
CLEAR LAKE WATER QUALITY IMPROVEMENT PROJECT #22-01

On January 15, 2025, at 6:00 pm, at 93 Oak Ave S, Annandale, MN, the Clearwater River Watershed District ("District") Board of Managers will hold the Final Public Hearing to consider a resolution granting a petition by riparian lake shore residents of Clear Lake located in Meeker County south and west of Watkins, MN to initiate Project 22-01, The Clear Lake Water Quality Improvement Project, under Minnesota Statute §103D.705 and order implementation of the Project.

The purpose of the project is to implement, operate and maintain projects which reduce nutrient loads to Clear Lake and to improve water quality in Clear Lake. An Engineer's Report as well as a benefits and damages determination report have been filed with the managers and are available for public inspection at <https://www.crwed.org/>.

A map of the benefited parcels is included in this Final Public Hearing Notice for review. Benefited parcels consist of the riparian properties of Clear Lake save for the USFWS parcel to the north (shown) which is exempt due to federal statute. There are also DNR and County Parcels among those riparian and therefore on the benefits roll. No parcels are damaged by the Project.

All parties interested in the proposed project must appear before the managers On January 15, 2025, at 6:00 pm, at 93 Oak Ave S, Annandale, MN, to present objections, and to show why an order should not be made by the managers granting the petition submitted by the lake shore residents, confirming the reports of the engineer, the benefits and damages report, and ordering the establishment, construction, and implementation of the project.

BY ORDER OF THE BOARD OF MANAGERS FOR THE CLEARWATER RIVER WATERSHED DISTRICT

Robert Schiefelbein, President
